FACTORY

1960

INDEX

VOL. 118, JANUARY TO DECEMBER

Combined Table of Contents

Plant Maintenance and Engineering

Management and Practices
- Managed maintenance—its past, present status, future prospects—L. C. Morrow's views ... Jan 64
- Maintenance management behind the Iron Curtain ... Feb 62
- Don't let your plant go up in smoke ... Feb 162
- Inside the Plant Maintenance and Engineering Show Mar 88
- Two news ways to measure maintenance efficiency. Corder & Saunderson ... Mar 98
- Maintenance incentives do work ... Mar 226
- Short schedules stretch output of maintenance men Apr 91
- Maintenance gets a welcome home ... Apr 111
- A clear look at how PM pays off best ... Apr 115
- Ten top plants at work ... May 143
- Maintenance trends in the top ten plants ... May 166
- Maintenance sheds old methods. T. A. Dunlap ... June 116
- Critical path scheduling. J. S. Sayer & others ... July 74
- A book that drives home the maintenance message. O. W. Graveley ... July 206
- Want better maintenance? Ask the man who knows. C. G. Wyder ... Aug 88
- Plant engineer in action ... Sept 80
- Nine ways to silence transformer hum. F. J. Brutt Sept 104
- Noise control—an engineering and technology report Sept 109
- U.S. maintenance: next target for foreign competition. R. B. Wilson ... Sept 119
- Honest workers control stock with punched cards ... Oct 112
- Award plan spurs craftsmen to hunt for better methods ... Oct 118
- Memo-motion improves maintenance ... Nov 84
- Quality control in maintenance ... Nov 102
- Electrical troubleshooting ... Nov 106
- Maintenance system runs itself ... Dec 176

Buildings and Yards
- The coming marvels in building materials. C. H. Topping ... Apr 94
- Trends of the '60s in plant design and engineering May 67
- Top plants specifications showcase ... May 133
- Site selection—U.S. round-up of expert answers ... May 180
- Site selection—tests for towns and terrain ... May 197
- Imagination—the missing link in plant design. Oswald Stewart ... July 94
- Revolution on the roof ... Aug 95
- Nine tips on better building ... Aug 96
- The TOP TEN SEARCH is on ... Aug 106
- You think your plant's shot ... Oct 100
- Atlanta, city of contrasts ... Nov 62
- Stop explosion damage ... Nov 88
- Good as new—and 30 years old ... Dec 60
- Maintenance painting. Kenneth Tator ... Dec 73
- Will you be ready for plant improvements? Oswald Stewart ... Dec 92

Services and Facilities
- Spot heating—an engineering and technology report ... Feb 75
- How to save money on air conditioning ... June 86
- Scrap recovery—an engineering and technology report ... June 105
- Wasted utilities drain your plant's dollar. A. M. Beebee, Jr. ... June 238
- Compressed air systems—an engineering and technology report ... Oct 93
- Make air conditioning pay off ... Nov 94
- Program for better lubrication. C. P. Farlow ... Nov 206

Electrical Services
- Smart electrical planning proves key to balanced modernization ... Jan 182
- Predict motor life? ... Feb 67
- Light touch for lighting maintenance ... Mar 96
- Special report on AIEE's big 1960 meeting ... Mar 112
- Where are the wonderful transistors? G. C. Quinn ... Apr 102
- Now this is communications ... Apr 116
- Ten top plants at work ... May 143
- Electrical services in the ten top plants ... May 148
- Planned remedy for electrical growing pains ... June 80
- Eleven trends for machine tool users ... June 98
- The truth about industrial TV. G. C. Quinn ... July 78
- The missing meters—an editorial commentary. G. C. Quinn ... Sept 118
- Planned power system rallies tired plant ... Sept 238
- Relighting: getting your money's worth when you do it ... Oct 84
- Silicon controlled rectifiers ... Dec 82

Winners of "Top Plant of the Year" Awards
- Brunswick-Balke-Collender Co. ... May 86
- Chrysler Corp. ... May 90
- Flick-Reedy Corp. ... May 94
- G-V Controls, Inc. ... May 98
- Ideal Cement Co. ... May 102
- Kennecott Refining Corp. ... May 106
- Royal McBee Corp. ... May 110
- Screw and Bolt Corp. of America ... May 114
- Springday Co. ... May 118
- Western Electric Co., Inc. ... May 122
- Top plants specifications showcase ... May 133

Production

Organization and Management
- Assembly-line speed for job-shop giants ... July 70
- Solid '60 life for a gay '90s plant ... July 102
- Big plant, big ideas ... Aug 89
- Making organization fit manufacturing's three-way stretch. George Jernstedt ... Sept 105
- Manufacturing for the missile age ... Oct 80
- A manager's heritage. B. A. Leerburger, Jr. Pt 1 Scientific management ... Oct 86
- More boat rockers needed. W. A. Bussard ... Oct 92
- Manufacturing systems simulation. Dickie & Throndsen ... Oct 114
- Atlanta material handling practices ... Nov 68

Production Controls and Systems
- New card system speeds production control ... Feb 82
- Managed costs mean big savings ... Apr 82
- A rough—but ready—plan to cut indirect costs ... Apr 100
- Production counting—an engineering and technology report ... Apr 103
- Ten top plants at work ... May 143
- Cost control in the top ten plants ... May 144
- Profit control for plant inventory. Luther Miller ... July 90
- It doubled output at Cedar Rapids ... Sept 90
- Overnight inventory control ... Sept 116
- U.S. moves closer to automated production control ... Oct 105
- Today's crisis in quality control. L. F. Mihlon ... Dec 66
- More manufacturing information. Spencer Tucker ... Dec 86

Methods and Technology
- These plant commandos strike at costly methods ... Jan 42
- Synthetic adhesives—an engineering and technology report. R. K. Humke ... Jan 51
- Assembly—supermarket style. Calomiris & Harper ... Jan 62
- Who says product committees don't pay off ... Feb 71
- We buried "It can't be done" ... Mar 80
- Productivity: victim of national apathy. R. S. Rice June 104
- Production painting—an engineering and technology report ... July 95

* Less than one page

Half the space, people, and time ... Aug 100
Pilotless weighing delivers higher quality ... Aug 82
Controlling the impact of new materials ... Sept 88
They smoothed the way for tomorrow's jetliners ... Nov 104
Material Handling and Layout
Warehousing today—an engineering and technology report ... Mar 101
Warehousing today—an engineering and technology report ... Mar 101
Electric railways stage a comeback ... Mar 110
Ten top plants at work ... May 143
Material handling in the ten top plants ... May 154
Three new tools for better plant layout. R. S. Rice ... June 101
New language created for pallet-rack users ... July 84
They fly through the air—with the greatest of savings ... Aug 92
Tomorrow's transmission for today's lift trucks ... Sept 108
A foreman joins the layout planning team. Gagliardi & Webber ... Oct 106
Handling cases from Atlanta ... Nov 76
In-plant packaging for profits. H. J. Anderson ... Dec 88
Trackless trains on a timetable ... Dec 98

Plant Management

Organization and Policies
Capitol Hill showdown is one you must watch. Anthony DeLeonardis ... Jan 60
Short cut to investment return ... Feb 88
Survey signals spending spree for the '60s ... June 84
Should you play the game of politics? L. F. Mihlon ... June 89
Controlled plant information—report. R. W. Christian
Pt I Introducing a new concept in factory management ... Aug 60
Pt II Tools you can understand ... Aug 66
Pt III Systems you can develop ... Aug 76
Old management thinking challenged by brilliant new book ... Aug 84
You and your job—a pattern of change. E. J. Benge ... Aug 104
Should you play the game of politics? Pt 2 Inside the political arena. L. F. Mihlon ... Sept 91
Better records management. C. E. Hughes ... Dec 93
Personnel Development
AMA lays it on the line. L. F. Mihlon ... Jan 46
Maintenance training—boon or bust. G. A. Hoy ... Feb 89
How to recruit and hold technical people. G. R. Northrup ... Mar 85
The problem manager—who is he, what makes him tick? S. W. Gellerman ... Mar 113
Test your M.M.Q. J. M. Black ... Apr 88
Stop misusing your management meetings ... Apr 210
Decisions, decisions. Auren Uris ... June 112
The changing labor force ... June 118
Retrain—to retain displaced employees ... July 86
How to make a layoff pay off ... Sept 96
More fuel for the saved labor fire ... Oct 102
Seniority ... Nov 89
Robot instructors work production wonders ... Nov 96
The ubiquitous manager ... Nov 100
Horse sense in employment testing. S. W. Gellerman ... Dec 70
Employee Relations
Are your words getting through? Auren Uris ... Mar 95
Ten top plants at work ... May 143
Eating facilities in the top ten plants ... May 160
The summit that never was—interview with Labor Secretary Mitchell. A. E. Adams ... July 67
How to stop electrical equipment accidents. A. L. Dowden ... Aug 216
Wake up to your part in unemployment. W. A. Bussard ... Sept 98
Industrial recreation: billion-dollar plant business. L. F. Mihlon ... Oct 238
Automatic plant lunchrooms ... Dec 80
Labor Costs
Featherbedding—symptom of management failure ... Feb 84
The incentive audit. A. O. Putnam ... Mar 91
Highest orbit yet for indirect labor pay ... Apr 110
Indirect labor pay checks spiral upward ... June 100
Indirect wages rise in nine more cities ... July 93
Your incentives can be revised. T. J. Wieczorek ... Sept 84
What 320 companies say about job evaluation. J. A. Patton ... Oct 108
Indirect labor costs ... Nov 87

Editorials

It's maintenance, it's management ... Jan 41
Don't cave in on labor costs ... Feb 61
More labor trouble ahead? ... Mar 79
The will to work ... Apr 81
The political frontier—management's vital new dimension ... June 79
Needed: management statesmanship ... July 68
Interlopers on the plant scene—a plea for cooperation ... Aug 59
Red ink and prosperity ... Sept 79
Bright sign of your times: APICS birthday ... Oct 79
Spend now for quicker profits ... Nov 61
A year of accomplishment ... Dec 59

Know-How Index

A
Abrasives—Blast cleaning blasts costs ... June *193
Absenteeism
Beating bushes for absentees ... June *198
The tranquilized can be troublesome ... June *202
Work is safer than play ... May *283
Accidents (see Safety engineering)
Air Conditioning
Cool air computer ... Nov *162
Make air conditioning pay off ... Nov 94
Package-type heat pumps—cool savings ... June *191
Save money on air conditioning ... June 86
Air Pollution
Classifiers do a fine job of separating ... Oct *186
Clean room moves, stretches ... Oct *178
Cleaning up the air protects motor ... Nov *168
Departmental dust control ... May *279
Fumes—giant precipitators combat fumes ... May *282
Glass bag filters air ... Apr *192
Handcuffs for oil particles ... Nov *169
Purifying air with air ... June *182
Roof structure halts fallout ... Feb *154
Apprentices (see Employee training, Maintenance training)
Assembly Techniques
Adhesive bonding cuts costs ... Feb *157
Assemblers work by the book ... Oct *186
Audio-visual assembly training ... May *281
Audio-visual device doubles output ... Sept 90
Charts tattle on goof-offs ... Apr *186
Dual-purpose model ... Mar *189
Half the space, people, time ... Aug 101
In-plant devices shave costs ... Oct 183
Keeping bugs out of assembly ... Apr 190
Motors repaired on a production-line basis ... July *164
Nut torque control system ... Aug *162
Ovens bake without glare ... Apr *191
Plant-made devices boost efficiency ... July 169
Screwdriver handles square set screws ... Dec *142
Sequence trays oust grab bag system ... June *180
Stacking punchings as they ride ... Apr *196
Steel casing doubles as template ... July *167
Supermarket style—he builds contactors supermarket style ... Jan 62
Supplies tag after workers ... Oct *186
Automatic Operation
Auto engines snub automated lines ... Aug *177
Automatic plant lunchrooms ... Dec 80
Boilermaker does work of 22 men ... June *190
Burrs removed fast ... July *170
Checking blowers at a glance ... Apr *189
Computer centralizes order processing ... Mar *198
Computer checks inventory; reorders ... Sept *181
Descales two steel strips ... Feb *154
Electrostatic touch-up cuts costs ... Dec 146
4-in-1 machine reaps savings ... June *182
Half-mile conveyor triples output ... June *192
Hardness tester is motorized ... Oct *180
High production with tiny tolerance ... Aug *158
Job-shop problems solved ... June 157
Machine forms cases automatically ... Mar *192
Magnetic rollers reduce manual operations ... July *159
Numerical control cuts job time ... May *213
Pallet loader is automatic ... Aug *162
Paper testing of perforated tape saves two ways ... Jan *218
Paperwork succumbs to EDP ... Feb *155
Production control—U.S. nears automated control ... Oct 105
Productivity: victim of apathy ... June 104
Radio opens furnace doors ... Apr *185
Re-positions grinding wheels ... May *280
Retrain to retain automation-displaced employees ... July 86
Robot reads and writes temperature ... May *286
Storage to dock—electrically ... Aug 160
Tape control saves production time ... Aug *168
Testing by vibration ... May *280
Thinking automation ... June *187
3-in-1 machine chops costs ... July *163
Tote Bins save workers' backs ... Aug *159
TV gives instant view of blueprints ... Sept *181
Weighing—pilotless weighing, quality results ... Aug 82
Wrapping machine speeds bundling ... July *166

B
Budgeting and Cost Control
Cost control in the top ten ... May 144
Indirect labor pay ... Apr 110
Letting workers in on cost-cutting ... May *281
Managed costs mean big savings ... Apr 82
A monument to waste ... Dec *158
More manufacturing information ... Dec 86
PACE puts right workers on jobs ... Aug *165
Plan to cut indirect costs ... Apr 100
Replacement plan watches budget ... Nov *164
Robot timekeeper works by phone ... Dec *149
Talkathon "award" for longest long-distance call ... Oct *211
Teaser questions aid communications ... Aug *159
They buried "It can't be done" ... Mar 80
Throwaway wipers pick up dollars ... June *181
Building Upkeep
Aluminum flashing battles weather ... Feb *149
Bridge-scaffold is ready in minutes ... Sept *183
Doors—hardboard doors more durable for kilns ... June *193
Glass and aluminum fight rust ... Sept *184
Glass-lined stacks resist acid ... Mar *189
Good as new—and 30 years old ... Dec 60
Lift—self-service maintenance lift to the sky ... Oct *178
Locker room is janitor's delight ... Jan *217
Plastic muscles out glass ... Apr *197
Roof structure halts fallout ... Feb *154
Roofs—revolution on the roof ... Aug *95

* Less than one page

Tomorrow's building materials ... Apr 94
You think your plant's shot ... Oct 100
Building Upkeep (see also **Plant design and construction**)

C

Capital Spending
Household items used for tools ... May *278
Imagination—missing link in plant design ... July 94
Planned remedy for electrical growing pains ... June 80
Replacement plan watches budget ... Nov *164
Short cut to investment return ... Feb 88
Site selection—roundup of expert answers ... May 180
Site selection trends in 1960 ... May 197
Spending in the '60's ... June 84
Top plant challenges its industry's folklore ... May 114
Will you be ready for plant improvements? ... Dec 92
Charity donations (see **Public relations**)
Clothing
Colorful blazer jackets identify foremen ... Aug *165
Gloves—Workers nix washed paint gloves ... Sept *186
Lipstick—boss's lipsticks guard quality control ... Oct *206
Communicating Systems
Big sound system speeds communication ... Apr *189
Card system speeds production ... Feb 82
Cinemascope TV measures steel ... Dec *141
Clip-on radio brings aid fast ... Feb *149
Data transmission at 62,000 dots a second ... Sept *184
Dialing the mail ... Feb *158
Electronic chairman gets politeness ... Dec *141
Microphone sidesteps paperwork ... May *276
Now **this** is communications ... Apr 116
Phone links 40 plants ... Feb *148
Phone pages night workers ... Mar *195
Phone system uses selective paging ... Sept *181
Phones—dial direct for fast calls ... July *158
Pocket paging keeps in touch ... Apr *188
Red means go-go-go ... June *194
Robot timekeeper works by phone ... Dec *149
Scooter—workers of the future may scoot ... Feb *138
TV gives instant contact with blueprints ... Sept *181
TV sees where humans cannot ... Sept *189
TV—the truth about industrial TV ... July 78
25-mile voice unites guards, desk, car ... June *187
Two-way radio calls help in a hurry ... Mar *197
Containers
Airborne barrels ... Nov *168
Bins protect lime during handling ... Aug *162
Collapsible bags collapse costs ... July *158
Dumper cuts space and costs ... Apr 194
From truck to work bench ... Apr *185
Long-life bins ... Nov *163
Low-cost ideas ease handling ... Aug *163
Manganese steel boosts hopper life ... Apr *185
Pail doesn't burn out in heat-treating ... June *193
Streamlined shipping container ... July *168
Wooden frames protect glass carboys' necks ... May *276
Conveyors
Air purified with air via pneumatic conveyor system ... June *182
Airveyor provides custom-designed air handling ... Aug 92
Buckets cut downtime ... Mar *192
Cleaning by suction with air-conveying ducts ... July *170
Coffee cups roll to service windows ... July *165
Die conveyor handles 30,000 pounds ... Mar *192
Elevator links two conveyors ... June *190
Feeds by vibration ... Apr *191
Ferris wheel packing ... Apr *193
Ferris wheel rack whacks cost ... Jan *210
Gravity conveyor eliminates 200-lb. push ... Aug. *166
Handling odd shapes ... July *166
Limestone rides 5½-mile system ... Jan *209
Magnets grip through paint, wash, heat ... Oct *182
Overhead trolley conveyor speeds rush orders ... Oct *179
Pails beat gravity ... Mar *200
Pile-ups prevented by Mardi Gras signals ... Mar *194
Plastic conveyor combats corrosion ... Sept *190
Pumping hot asphalt to roof ... Sept *183
Quartet of ideas for efficiency ... June 184
Resin coating sheds sticky rubber ... Aug *163
"Snake pit" of hoses handles liquids ... Aug *170
Sucking up conveyor's sand spillage ... Oct *179
3-lane conveyors are KP's delight ... Dec *146
Transfer operation—man beats automation ... Sept *189
Urethane combats abrasion in ducts ... Oct *182
Vibrating conveyor helps fill boxes ... Aug *161
Vibratory feeder shakes files uphill ... Nov *169
Corrosion Control
Cleaning up the air protects motor ... Nov *168
Giving the boot to indoor rain ... Dec *142
Glass and aluminum fight rust ... Sept *184
Maintenance corrosion ... Apr *188
Plastic conveyor combats corrosion ... Sept *190
Cost Control (see **Budgeting and cost control**)
Cranes
Air-controlled grabs are gentle ... Apr *197
Crane lifts work-platform skyward ... Sept *190
Crane scale solves handling problem ... Dec *150
Giant crane moves tubing fast ... Aug *156
Giving heavy motors a lift ... Nov *165
Inverted lift permits flexible handling ... Sept *186
Operators take test for safety ... Aug *163
Ski-lift to change bulbs ... Feb *153
Ten-ton crane hook ... Nov *172
Ten-ton sheets lifted like toys ... Oct *180
Welding machine is three-way ... Apr *184

D

Disaster Control
Don't let your plant go up in smoke ... Feb 162
Floods—spend $1 to save $5 on flood control ... Apr 187
Plant pumps aid flood-stricken employees ... Oct *179
Dust (see **Air Pollution**)

E

Economic Lot Size—Feeder doles out stingy portions ... May *278
Electric Control
Circuit breakers keep the power on ... Dec *146
Fuel cells to replace truck batteries? ... July *170
Machine tools—11 new trends ... June 98
Silicon controlled rectifiers ... Dec 82
Sorts out just the right wire ... Jan *210
Spotlights faulty circuit ... Oct *185
Switch shrugs off heat and humidity ... Dec *144
Electric Equipment
Computers—stretching your maintenance dollars ... Aug *168
Cool air computer ... Nov *162
Electric railways stage a comeback ... Mar 110
Electrical services in the top ten ... May 148
Inside the Plant Maintenance and Engineering Show ... Mar 88
Nut torque control system ... Aug *162
Planned power system rallies tired plant ... Sept 238
Precipitators combat fumes and dust ... May *282
Rectifier or motor generator ... Dec *145
Report on 1960 AIEE meeting ... Mar 112
Trouble shoot with paper negatives ... Feb *145
Electric Instruments, Controls
Checking blowers at a glance ... Apr *189
Data transmission system sends 62,000 dots a second ... Sept *184
Infra-red gaging battles waste ... June *181
Meters—case of the missing meters ... Sept 118
Phone system uses selective paging ... Sept *181
Weight checker's green light signals OK ... June *185
Where are those transistors? ... Apr 102
Electric Maintenance
Accidents—stop electrical accidents ... Aug 216
Batteries get new lease on life ... Aug *158
Circuit breakers keep the power on ... Dec *146
Faulty circuit spotlighted ... Oct *185
Logic: key to faster electrical troubleshooting ... Nov 106
Mercury fixtures bring light ... Sept *184
Plastic pipe cools hot sticks ... Jan *212
Plastic sealant keeps bearing fits tight ... Oct *182
Predict motor life? ... Feb 67
Range finder saves climbing for line crews ... May *277
Silicone combats station flashovers ... Aug *165
Silicon controlled rectifiers ... Dec 82
Transformer—giant transformer goes anywhere ... Oct *185
Electric Motors
Plastic sealant keeps bearing fits tight ... Oct *182
Stands on one foot ... Dec *142
Electric Power Distribution
Electric services in the top ten ... May 148
Floating floors ... Dec *145
Meters—case of the missing meters ... Sept 118
Planned power system rallies tired plant ... Sept 238
Power dominates ample acres of top plant ... May 106
Relighting: get your money's worth ... Oct 84
Remedy for electrical growing pains ... June 80
Shadows do a fadeout ... Oct *186
Silicone combats station flashovers ... Aug *165
Smart electrical planning proves key to balanced modernization ... Jan 182
Electric Transformers—Silencing transformer hum ... Sept 104
Electronics
Fluorescent lights take below-zero temperatures ... Aug *161
Lowdown on electronics-ese ... June *198
Radio opens furnace doors ... Apr *185
Robot traffic cop aids welding ... Dec *140
TV cuts gaging time ... Apr *186
Training interviewers by TV ... May *226
Where are those transistors? ... Apr 102
Employee Attitudes and Morale
Alerting workers to company's competition ... May *286
Cafeteria wall-size mosaic—for beatniks? ... Sept *186
Classy people: handle with care ... Dec *157
Coffee breaks—town meeting over Java ... Jan *100
Complaints—blue-collar complainers ... Jan *100
Craftsmen get individual offices ... May *275
Employees lay cards on table ... Sept *218
Engineers look for green stuff ... July *200
Hot under the (blue) collar ... Oct *211
Human relations in 15 words ... Feb *138
Industrial recreation: billion-dollar business ... Oct 238
Learning the law ... Apr *188
Lower job—low morale ... Jan *101
Old management thinking challenged by new book ... Aug 84
Plant plays Cupid ... Mar *205
Plant with box-office appeal ... May *222
Politics—workers urged to help finance either party ... June *181
Quality story in lights ... May *277
Quality stressed in poster contests ... May *287
Robot brain pushes no panic button ... Nov 166
Rooting for both sides ... Nov *198
Safety award is "really big" ... Aug *161
Safety symbol is live owl ... June *191
Saved labor—your part in unemployment ... Sept 98
Service awards—jewelry brands wearer "old timer" ... June *201
Silver dollars show plant's community importance ... June *183
A snub for a smile (from boss) ... Nov *202
Speedometer sign is morale booster ... Mar *194
Spit and polish, but no starch ... May *225

Company Index

Aeroquip Corp.—Overnight inventory control ... Sept 116
Allis-Chalmers Manufacturing Company—Big plant, big ideas ... Aug 89
Aluminum Company of America (Alcoa)—Electric railways stage a comeback ... Mar 110
American Cast Iron Pipe Co.—Program for better lubrication C. P. Farlow ... Nov 206
Applied Communication Systems—It doubled output at Cedar Rapids ... Sept 90
Arma Div., American Bosch Arma Corp.—Manufacturing for the missile age ... Oct 80
Besley-Welles Corp.—Maintenance system runs itself ... Dec 176
Brunswick-Balke-Collender Co.—A sleek package of design solutions ... May 86
Brunswick Corp.—Power system rallies tired plant ... Sept 238
Cadillac Motor Car Div.—Good as new—and 30 years old ... Dec 60
Carpenter Steel Co.—Profit control for plant inventory. Luther Miller ... July 90
Carrier Corporation—Make air conditioning pay off ... Nov 94
Chrysler Corporation
A beautifully balanced manufacturing city ... May 90
Trackless trains on a timetable ... Dec 98
Dayco Corp.—Incentive plans revised at Waynesville, N. C. and Dayton, Ohio ... Sept 85, 87
DeLaval Steam Turbine Co.—Maintenance incentives do work ... Mar 226
Douglas Aircraft Company, Inc.—Better records management. C. E. Hughes ... Dec 93
Du Pont, E. I. de Nemours & Co.—Manager's footwork keeps plant on its toes ... Nov 100
Flick-Reedy Corp.—Showcase of employee facilities ... May 94
Fry, (George) & Associates—Your incentives can be revised. T. J. Wieczorek ... Sept 84
G-V Controls Inc.—Gem of a plant in a perfect setting ... May 98
General Electric Company
Manufacturing systems simulation. Dickie & Throndsen ... Oct 114
Saved labor: more fuel for the fire ... Oct 102
General Electric Semi-Conductor Products Dept.—Silicon controlled rectifiers ... Dec 82
General Motors Corp.—Linden, N. J. plant—Remedy for electrical growing pains ... June 80
General Motors Corp. Rochester Products Div.—Wasted utilities drain your plant's dollar. A. M. Beebee, Jr. ... June 238
Haloid Xerox—Retrain to retain displaced employees ... July 86
Holtzer-Cabot Divisions—Who says product committees don't pay off ... Feb 71
Hughes Aircraft Co.—Robot instructors win friends and speed assembly ... Nov 96
Ideal Cement Co.—Gracefully composed for efficient production ... May 102
International Business Machines Corp.—Don't let your plant go up in smoke ... Feb 162
I-T-E Circuit Breaker Co.—Half the space, people, time ... Aug 101
Johnson & Johnson—Maintenance gets a welcome home ... Apr 111
Kennecott Refining Corp.—Power dominates these ample acres ... May 106
Kodak Limited—Two new ways to measure maintenance efficiency. Corder & Saunderson ... Mar 98
Lockheed Aircraft Corporation, Marietta, Ga. Div.—Quality control cuts maintenance errors ... Nov 102
Martin-Rockwell Corp.—Smart electrical planning proves key to balanced modernization ... Jan 182
Martin & Tucker Associates—More manufacturing information. Spencer Tucker ... Dec 86
Maynard Research Council, Inc.—Your part in labor-saving unemployment. W. A. Bussard ... Sept 98
Maytag Co.
Award plan spurs craftsmen to hunt for better methods ... Oct 118
A rough—but ready—plan to cut indirect costs ... Apr 100
McDonnell Aircraft Corp.—New card system speeds production control ... Feb 82
National Industrial Recreation Assoc. (NIRA)—Industrial recreation—billion-dollar plant business. L. F. Mihlon ... Oct 238
National Pneumatic Co., Inc.—Who says product committees don't pay off ... Feb 71
North American Aviation Co.—Light touch for lighting maintenance ... Mar 96
Norton Co.—Pilotless weighing insures quality results ... Aug 82
Proudfoot, Alexander Co.—Short interval scheduling (SIS) stretches output of maintenance men ... Apr 91
Pullman, Inc.—Controlling the impact of today's new materials ... Sept 88
Remington Rand Div., Sperry Rand Corp.—We buried "it can't be done" ... Mar 80
Royal McBee Corp.—Image of a colorful, sophisticated product ... May 110
Screw and Bolt Corp. of America—Challenger of its industry folklore ... May 114
Seeburg Corp.—New life for gay '90s plant ... July 102
Sperry Gyroscope Co., Div. of Sperry Rand Corp.—How to make layoffs pay off ... Sept 96
Springday Co.—Expandable masterpiece of layout and handling ... May 118
Stokes Molded Products Division, Electric Storage Battery Co.—Renovate an ancient plant—plant engineer in action ... Sept 80
Timken Roller Bearing Co.—Now **this** is communications ... Apr 116
Twin Coach Co.—These plant "commandos" strike at costly methods ... Jan 42
Union Carbide Metals Co.—Manual drives home the maintenance message. O. W. Graveley ... July 206
Upjohn Co.—Honest workers control stock with marked cards ... Oct 112
Wallace & Tiernan—Short schedules stretch output of maintenance men ... Apr 91
Wallingford Steel Company—They smooth the way for tomorrow's jetliners ... Nov 104
Warner Engineering Co.—Nine tips from Louis Warner on low-cost buildings ... Aug 96
Western Electric Co., Inc.
Memo-motion improves maintenance ... Nov 84
Progressive giant of conservative design ... May 122
Westinghouse Electric Corp.
Assembly-line speed for job-shop giants ... July 70
In-plant packaging for profits. Harold J. Anderson ... Dec 88
New organization plan fills manufacturing's three-way stretch. George Jernstedt ... Sept 105

REPRINTS OF FACTORY'S 1960 ARTICLES

There are many uses for copies of these popular FACTORY articles in useful reprint form.

Here are a few suggestions:

- Assemble reference material on current plant problems
- Broaden your knowledge in plant operations management
- Pass along information to your associates
- Add supplementary supporting data to your reports and proposals
- Provide materials for specific training and management development programs
- Build a file of handy help on plant operations management
- Replace articles you have lost or overlooked.

These reprints are easy to get. Check the list below. The titles are classified in the broad categories of FACTORY's Problem-Solving Guide. Use the coupon to order the reprint numbers and quantities you want. Fill in the rest of the coupon and mail. We'll give it prompt attention.

Prices of single copies are noted in the lists.
Prices for more than one copy of a reprint number are as follows:

Quantity	35¢ Reprints	50¢ Reprints	75¢ Reprints
2 to 24	25¢ each	40¢ each	60¢ each
25 to 99	20¢ each	35¢ each	50¢ each

100 or more: Ask for quotations on specific quantity.

The list on this page includes only a portion of FACTORY articles available in reprint form. For a complete list check the box in the coupon and mail.
